

RADICALS ATTEMPT REIGN OF TERROR

PUBLIC OFFICIALS TARGETS OF BOMBS IN SEVERAL CITIES

Intended Victims Escape—Two Dead Thought to be "Planters"

[By The Associated Press] WASHINGTON, June 3.—Another attempted reign of terror, directed chiefly against public officials who have been active in their prosecution was launched by American radicals shortly before midnight last night. A bomb explosion which damaged the residence of Attorney General A. Mitchell Palmer in the fashionable section of Washington, but which apparently resulted only in the death of the bomb planter, followed at brief intervals by similar explosions in seven other cities in a belt extending from Cleveland to Boston.

Bombing Washington, Cleveland, and Boston, cities in which bomb outrages occurred were Philadelphia, New York, West Philadelphia, Mass., West Philadelphia and Pittsburgh were subjected to two separate explosions.

Bombs intended by anarchists for men who had directed the force of law against them, pronounced sentence against radicals or introduced legislation intended to check their machinations failed in every case to claim their victims. In some instances innocent pedestrians were injured more or less seriously.

Begin Search for Culprits Whether the explosion of the bomb planted in the lower portion of Attorney General Palmer's residence was intended as the first of the series of explosions or whether it had been timed to occur at approximately the same instant as the others, but exploded prematurely could not be decided early today by agents of the department of justice and police of the various cities who began at once a nationwide search for the culprits.

The similarity of the reports received from the various cities called to authorities the May Day bomb plot a month ago. The bomb planted under the steps of the home of the attorney general, 2132 R. street in the fashionable northwest section of Washington, wrecked the dwelling smashing the windows of adjoining houses for a block but injured no one within the Palmer residence.

An empty suit case, found near the entrance and a hand bill signed "The Anarchistic Fighters" printed on red paper, worded in inflammatory fashion and serving notice of intent of its authors to begin general war on leaders of society was the only clue available at a late hour tonight.

The remains of the man killed were literally shredded over the block and driven into the asphalt pavement. "The only way I can reconstruct the incident," said Mayor Pullman, superintendent of the capital police, at the end of his preliminary investigation, "is on the theory that the explosive blew up just as it was being deposited in the doorway. It is possible, but unlikely that it was a passerby involved."

Sends out Special Guards. Instantly upon receipt of the news of the attempt on the lives of other leading men in other communities, Mayor Pullman ordered special guards sent out to the residences of cabinet officers and prominent men in the government.

Mr. Palmer and other members of the family were at home, but escaped any injury, the front of the residence almost collapsed with the force of the explosion. They were on the second floor preparatory to retiring at the time.

So thoroly was the corpse of the man killed scattered that surgeons had difficulty in ascertaining whether one or two persons had been involved. Pieces of two separate fire arms were also located, one an automatic pistol and the other a revolver.

The suitcase was a cheap construction. The handle which was greased spotted was headed in large type: "Plain Words." It opened with the statement: "The powers that be made no secret of their intention to stop the world-wide revolution in America, but concluded, after announcing its acceptance of a challenge to some

Official Summary of Peace Terms Handed to Austria

WASHINGTON, June 2.—The official summary of the Austrian peace terms follows:

Frontiers of Austria. Northern frontier facing Czechoslovakia follows the existing administrative boundaries of Bohemia and Moravia from those of Upper and Lower Austria subject to certain minor rectifications, notably in the regions of Gmund and Felsberg and along the river Moravia. The frontier with Italy begins at the Reschen Pass on the Swiss frontier and follows in general the watershed between the basins of the Drave on the north and Adige, Piave and Tagliamento on the south. This line which runs thru Brenner Pass and the peak of the Signori (Dreherrenspitze) includes in the Italian frontiers the valley of the Sals and the basin of the Tavis.

East of the Tavis region the Austrian frontier follows the Karawanken mountains to a point southeast of Villach, then runs north to the Werthersee, the towns of Klagenfurt and Volkermarkt, thence along the north of the Drave in such a manner as to leave to the Serbo-Croat-Slovene state Marburg and Radkerburg, just to the north of which latter place it will join the Hungarian frontier.

The disposition of the Klagenfurt basin which lies to the south of this line will be determined by a plebiscite to both within six months from the coming into effect of the treaty, the Austrian authorities to be withdrawn. In case a majority of the population votes for union with Austria, the southern frontier of Austria will continue along the Karawanken mountains to a point southeast of Eisenkappel, thence northeast passing east of Bleiburg, traversing the Drave just above its confluence with the Lavant, then receding the frontier already traced. The western and northwestern frontiers facing Bavaria, the western frontier facing Switzerland and the eastern frontier facing Hungary remain unchanged.

Political clauses. Europe: The high contracting parties recognize and accept the frontiers of Greece, Hungary, Poland, Rumania, the Serbo-Croat-Slovene state and the Czechoslovak state as at present or as ultimately determined. Austria renounces in favor of the principal allied and associated powers all her rights and titles over territories formerly belonging to her which though outside the new Austria have not at present been assigned to any state undertaking to accept the settlement to be made in regard to these territories.

The Czechoslovak state: Austria recognizes the complete independence of the Czechoslovak state, including the autonomous territory south of the Carpathians in conformity with the action already taken by the allied and associated powers. The exact boundaries between Austria and the new state to be fixed by a field commission of seven members, five Czechs, nationality, language and

race or religion, together with the right to the free exercise of any creed. All Austrian nationals without distinction of race, language or religion are to be equal before the law. No restrictions are to be imposed on the free use of any language in private or public and reasonable facilities are to be given to Austrian nationals of non-German speech for the use of their language, before the courts. Austrian nationals belonging to racial, religious or linguistic minorities are to enjoy the same protection as other Austrian nationals in particular with regard to schools and other educational establishments and in districts where a considerable proportion of Austrian nationals of other than German speech are resident, facilities are to be given in schools for the instruction of children in their own language and an equitable share of public funds is to be provided for the purpose. These provisions do not preclude the Austrian government from making the teaching of German obligatory. They are to be embodied by Austria in her fundamental law as a bill of rights, and provisions regarding them are to be under the protection of the league of nations.

Rights Outside Europe. Austrian rights: Outside Europe, Austria renounces all rights, claims and privileges as to her or her allies' territories to all the allied and associated powers and undertakes to accept whatever measures are taken by the principal allied powers in relation thereto.

The clauses as to Egypt, Morocco, China and Siam, are identical with those of the German treaty, except that especially in the case of China there is no need for so great detail. The portions of the German treaty as to Liberia are not included owing to the fact that Austria was not at war with Liberia.

Military, naval and air clauses: The military clauses are identical with those of the German treaty, except that especially in the case of China there is no need for so great detail. The portions of the German treaty as to Liberia are not included owing to the fact that Austria was not at war with Liberia.

Naval: All Austro-Hungarian warships, submarines and vessels of the Danube flotilla are declared to be finally surrendered to the principal allied and associated powers. Twenty-one specified auxiliary cruisers are to be disarmed and treated as merchant ships. All warships and submarines under construction in ports which belong or have belonged to Austria-Hungary shall be broken up, the salvage not to be used except for industrial purposes and not to be sold to foreign countries. The construction or acquisition of any submarine even for commercial purposes is forbidden. All naval arms, ammunition and other war material belonging to Austria-Hungary at the date of the armistice shall be surrendered to the allies. The Austrian wireless station at Vienna is not to be used for naval, military or political messages relating to Austria or her late allies without the assent of the allied and associated government during three months but only for commercial purposes under supervision. During the same period Austria is not to build any more high power wireless stations.

Air clauses: Austria may have no military or naval air forces including dirigibles, must demobilize all existing forces within two months and must surrender to the principal powers wide categories of aviation material.

General: Austria agrees not to accredit or send any military, naval or air mission to any foreign country, nor to allow Austrian nationals to enlist in the army, navy or air service of any foreign country.

The section on penalties is identical with the German treaty, except for the omission of any provision similar to that calling for the trial of the ex-kaiser of Germany and the addition of a provision requiring the new state to help prosecute and punish any of their nationals so guilty. The section on reparations is reserved.

The financial clauses are reserved. Economy clauses are, except in certain details, such as shipping, similar to those of the German treaty. Special provisions are added however for former Austro-Hungarian nationals acquiring allied nationality. Similar to these in the German treaty, relating to the inhabitants of Alsace-Lorraine, there contracts are maintained subject to cancellation by their governments. Austria undertakes to recognize any agreement or convention made by the allies to safeguard the interests of their nationals in any undertakings constituted under Austro-Hungarian law which operates in territories detached from the former Austrian empire and to transfer any necessary documents and information in regard to them.

Freedom of transit: The clauses as to freedom of transit are the same in the Austrian as in the German treaty except for the omission of provisions affecting Germany alone and the insertion of specific clauses granting Austria transit privileges through former Austro-Hungarian territory in order to assure her access to the Adriatic.

These privileges are to be amplified by special conventions with the states concerned. Miscellaneous provisions are, after the necessary alterations, identical with those of the German treaty, binding Austria to accept any agreements made by the allied and associated powers with Germany, Hungary, Bulgaria, and Turkey, and to abandon all pecuniary claims against any power signing the treaty and to accept the decrees of allied or associated prize courts. Austria also agrees to accept any conventions adopted by the allies as to traffic in arms, and the allies in turn, agree to continue on the missionary work of any mission properly falling to them.

The treaty is to come into force when signed by Austria and three of the principal powers, and to be effective for the individual states on the deposit of their specific ratifications.

ing the same period Austria is not to build any more high power wireless stations. Air clauses: Austria may have no military or naval air forces including dirigibles, must demobilize all existing forces within two months and must surrender to the principal powers wide categories of aviation material.

Coblenz To Be ALLIES HAND Capital of New PEACE TERMS Rhine Republic TO AUSTRIA

[By The Associated Press]

BULLETIN BERLIN, June 2.—(By The Associated Press)—The inhabitants of Mayence and Wiesbaden, began this morning a 24-hour strike in protest against the attempted coup in proclaiming an independent republic.

It is also reported that pro-German palatinists at Mannheim declared a general strike and that the inhabitants of the palatinate notwithstanding threats by the French of martial everywhere are tearing down the posters proclaiming the republic.

PARIS, June 2.—Coblenz will be the capital of the new Rhine republic, which was proclaimed yesterday in several Rhine cities. The new government and national assembly will meet there, but the provisional government will sit at Wiesbaden. Portions of the proclamation have been telegraphed to the Echo de Paris from Metz by Maurice B. Arres.

Section of Proclamation. "We declare the autonomous Rhine republic to be founded in the bosom of Germany. It is a pacific republic which is composed of the Rhine provinces, Old Nassau, Rhenish Hesse and the palatinate. The foundation rests on the following basis: 1.—The frontiers will remain the same, including Bingenfeld.

2.—Changes in frontiers can be made only with the approval of other nations interested as established by a plebiscite. 3.—The provisional government of the Rhine republic is decreed by the undersigned delegates of the people.

4.—Elections for the Rhine national assembly will be held without delay, according to the methods of the German national assembly. Coblenz is to be the capital of the new government and the national assembly will meet there. The provisional government will sit at Wiesbaden. Local authorities will continue to exercise control of the time being. The provisional government will take the place of the central government and the Prussian, Bavarian and Hessian governments.

(Signed) "Rhine Hessian Nassau committee, P. J. a national committee, June 1, 1919."

Violence Must Disappear. Another passage shows the movement not to be separatist but anti-Prussian. It says: "Violence from whatever side must disappear. The Rhine people honestly and sincerely wish peace based on a reconciliation of all peoples. This is why it separates itself from the institutions which are the bases of so many wars, feudalism and militarism. It thereby eliminates an obstacle standing in the way of a genuine peace."

M. Barres says that Dr. Dorden, the president of the new republic is the soul of the movement. He is from Bonn and before the war was a magistrate. During the war he was a German officer.

"He is one of those idealist Rhinelanders who have never been reconciled to the subjection of the left bank of the Rhine to brutal exploitation by Prussia," M. Barres writes. "We are in the presence of the reappearance of the old Germany with which our fathers were able to enter into agreements and sometimes to entertain friendship. This happy event became possible only through the admirable conduct and political sense of the allied armies."

BROTHERS KILLED IN ARGUMENT CHICAGO, June 2.—John and Stanley Baza, brother, aged 28 and 35 respectively were shot and killed at their home in South Chicago, early today as the result of an argument over a baseball game played yesterday on a vacant lot.

John killed his brother and was himself killed by a policeman when he attempted to escape. Stanley was the umpire and John a player in the game. The umpire made a decision which John considered unfair. An argument ensued, but the shooting did not occur until they returned home.

Stanley leaves a widow and four children. John was unmarried.

STRIKE SITUATION RETURNING TO NORMAL Lima, Peru, Sunday, June 1.—The situation arising from the strike is rapidly returning to normal here and it is believed that the most of the industries affected will resume operations tomorrow.

Chancellor Asks For Peace of Right and Justice

(By The Associated Press) A peace of right and justice, and assistance to tide over present troubles are desired by the new Austrian republic from the hands of the allied and associated powers over the peace table.

Thus Dr. Karl Renner set forth Austria's needs Monday at St. Germain when the major portion of the peace terms of the allies were presented to the Austrians.

"Our state now rests in your hands and we hope before the conscience of the world that the allies will not abuse this power," Dr. Renner declared.

Under the terms of the treaty Austria is to renounce possession of large tracts of territory including Hungary and her colonial possessions. Her navy is to be entirely surrendered, but she is given transit privileges thru former Austro-Hungarian territory in order that she may have access to the Adriatic. As to the future of her army the decree will be submitted later. Likewise the demand for indemnities and reparations is reserved for future presentation.

Fifteen days are allowed the Austrians to reply to the demands of the allies, the same period of time that was accorded the Germans, altho in the case of the Germans this was slightly extended when appeal was made that it would be impossible to formulate the counter-proposals on the specified date. Reports from Paris are to the effect that the Italian over Flume and the Delmatian islands is still the subject of discussion between the Italians and President Wilson.

Lloyd George and Premier Clemenceau. Prior to the departure of Orlando for St. Germain Monday, Colonel House of the American peace conference conferred on the subject with the Italian premier.

The expectation is that the reply of the allied and associated governments to the German counter-proposals will be delivered next Friday.

Whether there are to be any concessions made to the Germans in view of their pleas that the peace terms as originally formulated would mean the ruin of Germany has not developed.

The new Rhine republic which has been set up under the leadership of Dr. Dorden is declared to be not a separatist but an anti-Prussia movement. A proclamation printed in the various Rhine cities declares that Coblenz is to be the capital of the new government and that elections to the national assembly will be held immediately.

The Rhine people honestly and sincerely wish peace based on a reconciliation of all peoples, says the proclamation. The allied armies in the occupied areas are taking no part in the new order of things along the Rhine, but are maintaining a policy of watchful waiting.

COMMENCEMENT HELD AT CHAPIN

High School Class Finishes Work — Baccalaureate Services and Commencement Exercises Held

Chapin, June 2.—The high school career of the senior class of 1919 of Chapin ended Friday evening, May 30th.

On the night of May 25th baccalaureate services were held at the Methodist church the sermon being delivered by Rev. Central of the Christian church.

A new service was introduced in Chapin when a class day exercise was held Thursday night, May 29th. Everyone seemed to enjoy it as each of the class delivered their orations.

Friday evening, the great event occurred, the Commencement although the evening was very hot a large number was out and seemed to enjoy the speech of Dr. Lucas, of White Hall.

As to the weather, it was very good which made it much more pleasant for all concerned. The Chapin high school orchestra participated in the musical part of the program which seemed to be enjoyed by all.

As to the Class of 1919, they are to be honored, for graduation means much to the young people of today. They have labored together for these four last years and have now won the goal for which they were striving. This class must not stop here but continue to progress as they have successfully heretofore. In regard to the rank Miss Mary Alderson, has the honor of being valedictorian; Walter Williams the honor of being salutatorian and the rest follow in order as their names here appear; Mr. James Anderson, Miss Noda Coulson, Miss Amy Moody, Mr. Harold Nergenah and Mr. Alden Allen.

Their valor and stituitiveness and years work for which these seven young men and women should be congratulated. As to their class color, motto and flowers, the class decided upon, jade and old rose, for their class colors. Pink carnation for their class flower and for their motto "Tonight We Launch Where Shall We Anchor" which seemed very appropriate to a graduating class.

The people wish as a whole to congratulate these graduates for their valor and stituitiveness and as we say "Farewell" to them as they leave our high school let us help them, hope for them to have the greatest success in their life's career.

Dr. E. L. Crouch having returned from the military service has opened an office in the Ayers Bank Building, Room 604. Practice limited to Internal Medicine. Phone 435. Residence Colonial Inn. Office hours 9 to 12 m., and 1 to 5 p. m. and by appointment.

CHARGED WITH ILLEGAL FISHING

Four men arrested at Louisiana and wanted in Pike county on the charge of illegal fishing were placed in the custody of Sheriff Weatherford Saturday night and were delivered to Pike county authorities Monday morning. The men arrested were Jack Brown, Frank Walker, John Fields and Walter Bradley. They were accused of seining and thus breaking the provisions of the state law.

NEW FIXTURES FOR COUNTY CLERK'S OFFICE

New fixtures for the office of County Clerk Riggs were received yesterday from the Quincy Show Case Co., and are being placed in position. There is a new desk for the inside office and a new counter for the outside office, where most of the business with the public is transacted. The desk will run clear from the south to the north wall of this room and will provide more desk space than has been available in the past. The fixtures are in golden oak and add very much to the appearance of the clerk's office. The walls of the office were repainted several months ago in anticipation of the new furnishings.

BACCALAUREATE FOR GRADUATING CLASS

Rev. W. H. Marbach Delivers Address to Members of Graduating Class of High School—Says: "You will fail without a purpose."

The high school baccalaureate sermon before the graduating class was delivered Sunday evening by Rev. W. H. Marbach at the Christian church in the presence of a large audience.

The church was beautifully decorated with flowers and house plants presented a beautiful appearance. The music instrumental and vocal exercises of the evening. The opening prayer was by Rev. G. W. Randle, pastor of Brooklyn church.

Mr. Marbach expressed his pleasure and appreciation of the honor conferred upon him by the invitation to address the class and then taking as his theme the voyage and shipwreck which Paul experienced on his way to Rome. He said in brief: "How like our life is a ship and how fascinating the idea. We boys recall the first knife we had and how we tried to whittle into shape something like a ship. How interesting too the sight of a majestic liner sailing, on the broad ocean and what tales of history and romance linger about ships. The famous voyage of Aeneas, the tour of Ulysses, the journey by faith of Columbus, and a host of others, all have their great attractions and as I look into your faces tonight I am reminded of a ship."

A Definite Port
"I hope you have a definite port to which you are going, I hope you have a safe pilot, Paul started for Rome on a ship and you remember how he advised the officers in command not to attempt the voyage but the captain was sure it would be all right and they set out from Fair Haven where they would far better have remained."

"You have had a fair haven; devoted parents; faithful teachers and others who have faithfully tried to equip you for the journey before you. Think too, of the great sea before you, which you are to travel."

"What is the cargo you are carrying? Paul sailed on a grain ship and I trust you will have cargoes of usefulness to be taken to places where they are most needed. A young man with little aim in life, easy going and indifferent, studied medicine. He graduated and had little definite aim in life till he attended meetings conducted in London by D. L. Moody when the whole course of his life was changed and he became the messenger of love and usefulness. Dr. Grenfell, in the frozen north, Abraham Lincoln went down to New Orleans on a flatboat and there saw a vivid picture of the evils of slavery and vowed to hit the institution hard if ever he had an opportunity. Little dreaming what the opportunity was to be."

"If you have no definite purpose in life you will be a failure. "Wealth without a definite purpose for usefulness is vain."

"There are in the world three kinds of people."

Some are like the relict; a ship abandoned and yet floating aimlessly, a menace to all other craft, found sometimes thousands of miles from the place at which the crew left it.

"There are the lives like the misdirected ship; the vessel with an ignorant pilot in danger of guiding the ship on the rocks."

"There is the ship with a good cargo and a safe pilot taking the vessel to a destination of usefulness and love."

"You will fail without a purpose. Even the great Paul was solicitous lest when he had preached the truth to others he would be a castaway but he nobly persevered and at the end was able to say he had fought a good fight and had kept the faith and would receive the crown of righteousness."

Much to Do.

"Remember; that in addition to a good pilot and a good ship there is much for you to do. You may have little means and great ambitions; you will have to work hard as have so many great men before you. You will come to many places in life where you will have to make important decisions. Dangers are thick and must be avoided and you will need a skillful pilot. When the ships bearing our soldiers abroad started out they took all possible precautions against U-boats, torpedoes and mines."

"You will not hereafter have your parents and teachers to help and advise you. You will encounter many who will want to guide you but beware of them; they may lead you astray; there is but one safe Pilot; He knows the way; trust no other; He has promised to be with you to the end."

"A little girl was on a ship in time of a great storm but she said she was not afraid because her father was in command. No wonder when Paul's ship was in danger and the soldiers were ready to kill he could say, 'Be of good cheer.' That insignificant prisoner in chains on his way to trial with the great Pilot was easily able to command the whole situation. So as you start out on the ocean of life take with you the great Pilot; submit yourself to His guidance; and God help you to set sail for the port with His winds and Jesus at the helm."

SERGT. MOLOHON ARRIVES HOME

Sergt. Albin Molohon returned Sunday from a year's service overseas. Sergt. Molohon enlisted with Co. B here in Jacksonville and after a brief period of training at Camp Parker, Quincy, was sent to Camp Logan. For a time he was in service with the military police and went overseas in May, 1918.

He had for a time been attached to the office of Col. Clinin and evidently made a good record there for later Col. Clinin suggested that he be transferred from the military police to the 420th infantry and served with the headquarters company. This transfer was made in October, 1918 and he was with the headquarters company at the signing of the armistice and in fact until his recent discharge from the service at Camp Grant.

Sergt. Molohon took part in the parade of the 33d division in Chicago last Tuesday.

DORT

Quality
Goes Clear Through

The salient characteristics of the Dort can be summed up in three sentences.

FIRST, it is a car that needs service-attention but very infrequently.

SECOND, when it does seem desirable to give the Dort a "going over" you can do it yourself easily, quickly, and inexpensively because of the marked simplicity and accessibility of Dort construction.

THIRD, its mileage per set of tires, gallon of gasoline, and quart of oil is perceptibly higher than common.

SCOTT COUNTY
RESIDENT DIES

Josiah McDonald Passed Away at Springfield Hospital—News Notes.

Winchester, June 2.—The death of Josiah McDonald occurred Sunday noon in a Springfield hospital, where he underwent an operation Saturday morning. He had been in failing health for the past year and an operation was deemed his only chance. However, his advanced age was against him and he failed to rally from the operation. Mrs. McDonald died very suddenly April 21, and the shock of this added to the seriousness of his own condition.

Mr. McDonald was born seventy-five years ago in Missouri. He served in the Civil War, and afterward came to Scott county where he settled on a farm six miles southeast of Winchester. He was a successful farmer and during all the years had the respect and esteem of all who knew him. A few years since he retired from active life and removed to Winchester. The deceased was a trustee of the Methodist church and a member there for many years. He is survived by his daughter, Mrs. Lucie Dahman and her little son Mack in the home; two sons, Jesse in Omaha and Clarence living on the home place. Mrs. Dahman was in Springfield at the time of her father's death. Clarence McDonald had been at the hospital but returned home Saturday night.

The funeral will be held Wednesday afternoon at 3 o'clock from the Methodist church.

News Notes.
Jesse McDonald arrived Monday morning from Omaha, Neb., called by the death of his father, Josiah McDonald.

Miss Gertrude May returned Sunday afternoon to her home in St. Louis. She had been a guest at the home of Bluford McClure and family since Thursday.

Miss Ruth Truesdell left Sunday afternoon for St. Louis, where she will again take up her work in the Barnes hospital.

Dr. H. H. Fletcher left Monday afternoon for St. Louis on professional business.

Claud Thomas and his mother and brother, Frank Thomas, left Sunday morning for Roodhouse, where they spent the day with Dr. L. R. Thomas and family.

Sunday night Frank Thomas left for his home in California.

Russell Hamilton returned Sunday to Peoria after a short visit here with relatives.

Miss Agnes Smith has returned to her home in Springfield after a pleasant visit with Miss Daisy Townsend and other friends.

Mrs. John T. McLaughlin and daughter Frances returned Monday from Greenfield where they visited at the home of Ira Taylor and family.

Miss Lucille Bishop left on an early train Tuesday for her home in St. Louis.

Mr. and Mrs. Thomas Lashmet arrived Sunday from East Prairie to visit his parents, Mr. and Mrs. John Lashmet. He left Sunday night for a short business visit in Iowa.

Miss Phillips who has been trimmer in the Sol Hainsfurther store millinery department, the past winter, returned to her home in St. Louis.

T. O. Boylan of Beardstown spent Sunday with his grandmother, Mrs. Martha Paul.

Miss Anna McLaughlin left yesterday for Roodhouse to visit relatives.

George Stewart and family returned Monday evening from St. Louis, where they have been visiting relatives.

WORDS OF ADVICE TO I. W. C. SENIOR CLASS

Baccalaureate Service Held Sunday at Grace Church—Addresses by Dr. Havighurst and Dr. Harker.

The Baccalaureate services of the Illinois Woman's college took place Sunday morning at Grace M. E. church, the several Methodist congregations of the city uniting. The sermon was by Rev. F. A. Havighurst, pastor of the First M. E. church at Decatur. With Mr. H. V. Stearns at the organ a special program of music was provided. Mrs. Florence Pierson Hartmann sang a solo and Miss Clara C. Moore gave a violin solo. There was a quartet number by Miss Scrimger Mrs. Hartmann, Mr. Robinson and Mr. Hopkins. Following the sermon Dr. Harker gave the annual address to the graduates.

The Use of Knowledge.
Dr. Havighurst's text was Corinthians 12:31 "But covet earnestly the best gifts and yet I show unto you a more excellent way." It was a sermon of strong type in which the minister impressed the duties of service and usefulness of education, only as it prepares men and women for service. It was shown that the danger of life is to seek only after pleasure and then when there comes a desire for knowledge that knowledge acquired may be put to wrong uses. The minister

Established 1852

The Ayers National Bank WILL BUY YOUR LIBERTY BONDS AT PAR

On the following conditions:

1. The entire proceeds are to be deposited in our Department for Savings at 3 per cent per annum, payable semi-annually
2. The deposit is to remain intact for one year, at any time after which 25 per cent is subject to withdrawal; the 75 per cent is to remain a second year, after which it is subject to withdrawal.
3. The purchase from any one seller will be limited to \$5,000.

We Make This Proposition Because—

1. We believe that some people are selling their bonds at ruinously low prices because they fear a further decrease in price and the eventual loss of part of their savings.
2. We believe that these bonds are intrinsically worth par and are prepared to back up our opinion in this way.
3. We wish a large number of people to know the advantages of our Department for Savings.

The net result of the above operation will be that you will be absolutely sure of receiving par for your bonds and will be in the same position as if you sold the bonds on the market today and redeposited your savings in a savings bank, with the additional advantages that you will receive for your bonds the full price paid for them and avoid a loss of from \$5 to \$6 on every \$100.

held up the case of Germany as an instance of knowledge and intellectual qualities seeking the wrong ends.

Turning then from the words of argument which so forcefully emphasized the worth of character, Dr. Havighurst discussed for a few moments the League of Nations. He said it was not popular to plead the cause of Germany but in his opinion that the German people had the right to now expect the inclusion in the terms of peace of the fourteen principles enunciated by President Wilson. He said that it was probably not proper that those principles should have been enunciated and made a part of the peace offer, but since that had been done that now to be consistent that they must be included in the terms agreed upon.

He laid stress upon the thought that it is not so much a question of what punishment the German people may need but provisions which can be enforced for the benefit of the world—provisions that will make for peace and make war improbable at the end of ten, fifteen or twenty five years, instead of something to be looked forward to because of mistakes made now in the peace agreement.

In addressing the members of the graduating class on "The Obligations of Educated Womanhood," President Harker gave these potent paragraphs:

Personal Responsibility.
"In one of His immortal stories our Saviour tells of a man of wealth, a large employer of labor who when objection was made to some of his methods, indignantly asked 'Have I not the right to do what I will with mine own?'"

"The question is, one of individual or temporary significance, but of world-wide interest, applicable to every age, and vital for rightly educated life. It relates not alone to capital and labor and the possession of material means. It relates equally to the possession of genius and talents, of authority and power of education and training."

"The world is now coming to know as never before, the responsibility of possession. It is not our right to do what we will with our own. What we possess is not, in any absolute sense, our own at all."

"Whatever we have, of money, or time, or gifts, or graces; of genius, or ability or education; of power to lead, or opportunity to control—whatever we have, is only part of the 'manifold grace of God' entrusted to us for a brief time. It is ours to use only as 'faithful stewards,' who constantly keep in mind the duty of immediate or ultimate accounting."

"In sending you out after your college course I charge you therefore never to forget the obligation of your education."

"The extension of your knowledge in the various fields of human learning the training of your faculties of body and mind, the increase of your ability to think, to plan, to initiate, to do—all of this has been your privilege for these years, not alone for your own growth, or your own advantage; not to make life easier or pleasanter for you; but more that you may be of larger service to those less favored than you selves."

"The Woman's College is a

training school for service. We have never for a single day permitted you to forget that the end of all knowledge, the outcome of all faith, is always to be a larger, more efficient service."

"Not to be ministered unto, but to minister."

Training Young Women.
"It is for this that the college is inviting young women to its privileges, for this that we are seeking friends everywhere to endow and equip the college, for this we have labored, by carefully directed study and training, to give you better life preparation."

"I charge you therefore not to disappoint us, not to forget the abiding obligation of your high privilege."

"The world was never before in such deep and recognized need of devoted and efficient service as it is today. Everywhere you can hear voices calling you to help, everywhere you will find hands stretched out for aid, everywhere you will find men and women anxious to be led into a higher and better life, eagerly groping in the darkness for the light and the dawn of a better day."

"For just such a time as this in the world's need, women are coming to their kingdom. May your souls be swift to answer the need, your feet jubilant, your hearts eager."

"By years of special training, by opportunities that come to few, by special abilities and privileges, lighted torches have been placed in your hands. Yours is the high opportunity to carry these lighted torches, to scatter this light, to illumine the dark places wherever you go, to help meet, in such measure as you may, the world's need."

"As graduates of the college you go on a noble band of women, now scattered to every part of the world, many of whom are efficiently serving in the places to which they have been called, 'A Mother of Leaders.' She sends you out with confident expectations challenging you to lift still higher her banner of helpfulness."

"Go out and wait upon your generation with loyal sacrificial service, and prove, wherever you go, and whatever you do, that the college is justified in her daughters."

"Remember, it is not your right to do what you will with what has been entrusted to you. Instead, let it be your joy and delight to take your enlarged life, your educated womanliness, and give it to Him who is the Lord and Master of us all, asking Him, 'Lord, what will Thou have me to do?'"

"Remember it is His voice that calls to you in every cry of human need, and 'Whatever He says to you, Do it.'"

CRIMSON J IS EXCELLENT WORK

The Crimson J, volume 9, published by the senior class of the Jacksonville high school, made its appearance yesterday. It is a very creditable volume and indicates the good work done by the staff, which included Margaret Fodd, editor in chief, Joseph Lindley Williamson, business manager; Elizabeth Cogswell, Eloise Smith, Florence Clement, Vinton T. Woods and Emma Mae Leonard, faculty adviser. The book is dedicated to Miss Leonard, who "has made herself indispensable as a teacher, guide and friend." The book has many halftone illustrations, the class histories and various articles related to high school affairs make it an interesting and informing book. It is one the boys and girls of the class will prize as the years go by.

GOOD SHOW AT SCOTT'S

Large audiences witnessed "Don't Change Your Husband" at Scott's theatre Monday. This picture has been labeled "the finest domestic drama of the year" and many who saw it yesterday declared the statement truthful. In various ways it is a picture of a striking appeal. "Don't Change Your Husband" is included again today in the offering at Scott's.

COUNTY OWNS ROAD OILER

Recently a Gramm Bernstein motor truck equipped with a thousand gallon oil tank was purchased by the board of county commissioners from Charles M. Strawn. The truck can be used for sprinkling as well as oiling and a satisfactory demonstration was given yesterday about the public square.

Water was spread for a distance of more than fifty feet. The road oiling equipment is to be furnished by the county to the different road districts where oiling is to be done. The commissioners believe that by the ownership of this equipment that encouragement will be given to road oiling and that the cost will be lower that if the work were done and contracts made with private individuals.

A BUSY MINISTER

Rev. Walter Aiken of Urbana was in the city yesterday a few hours on his way to Arenzville to deliver a commencement address. The gentleman was a member on the Jacksonville chautauqua platform a few years ago and his effort was very satisfactory. Last week he delivered five commencement addresses at various places and has delivered fifteen in all and has several dates ahead. He is a bright, wide awake gentleman, a native of Bonnie Scotland and a whole souled man. He is also Grand Chaplain of the Masonic Grand Lodge of Illinois and chaplain of the 11th regiment.

CLASS DAY AT THE WOMAN'S COLLEGE

Beautiful Program Carried Out on The College Campus

Class day at the Woman's College was excellent as usual and the possession of the beautiful lawn makes it all the more attractive. Soon after 10 o'clock the procession appeared, the twenty members of the class arrayed in Grecian costumes and accompanied by the juniors bearing floral chains and all presented a lovely and attractive appearance. A song composed by Miss Bess Sewars, a member of the class, was sung by the young ladies and next came a fascinating Grecian dance by a part of the seniors who showed unusual grace and rhythm of motion.

The class poem, composed and read by Miss Louise Reed, was much enjoyed and then came the class prophecy. The seers looked into a reflecting globe and uttered her predictions in a manner creating much amusement.

The lamp, scroll and vine, suggesting light, knowledge and growth, were presented and then came the planting of the ivy. The senior class will be written in large characters and nailed up in several conspicuous places, and was read with interest. The whole affair was a great success.

The names on the class roll are: Ruby Baxter, Bernice Bowen, Kittie Bunting, Lois Carpenter, Olive Engel, Alice Haines, Grace Hasenstab, Helen Irwin, Myra Kirkpatrick, Mary McGhee, Alta Marie Miller, Mary Moxon, Edith Pratt, Cordelia Randolph, Louise Reed, Bess Seward, Eleanor Sherrell, Mabel Weiss, Mary Whiteside, Zay Wright.

BLOOMINGTON IS VICTIM OF INDEES

Visitors trounced by Score of 5 to 0—Were Unable to Solve
White's Offerings—Locals Mix-
ed Hits With Opponents Errors

Local fans were treated to an-
other good exhibition of baseball
at the Indee's park Sunday after-
noon when the Bloomington
Eagles were trounced by a score
of 5 to 0. It was the first defeat
sustained by Bloomington this
year and they are anxious to come
back and show us that the result
of the game was an accident.

When the visitors walked out
to the field and went thru their
practice stunts they looked
mighty good. They had lots of
"pep" which lasted thruout the
afternoon. However, when the
Indees got men on bases they
proceeded to aviate and got so
high it took some time for them
to get to earth.

Nichols pitched a good game
for Bloomington and fielded his
position in fine style. Had his
teammates given him good sup-
port the result of the game might

CUBS TAKE TWO FROM PITTSBURGH

The main cause of the visitors
defeat may be attributed to one
Charles White, southpaw. White
had something on the ball that
baffled the enemy batsmen and
the best they did was to get a
man to third base in the fifth in-
ning. Aside from that they did
not have much chance. Briggs,
Ruble and Wheeler pulling a fast
double play that closed the game
in the final frame.

Mebus at first played a brilliant
game for Bloomington and made
two of their four hits. For the
locals Biggs, DeFrates, Ruble and
Wheeler fielded in brilliant style.
Clark kept White working all the
time and his excellent headwork
was the main cause of the visitors
downfall.

Story of the Game—
Both teams were blanked in
the first frame. In the second
Clark first up hit a roller to Kane
who threw it away giving the
runner second. He took third on
DeFrates out and scored on Wilk-
erson's clean drive over second.

The Indees had their field
day in the third. Ruble hit for
two bases. Wheeler hit to Nichols
who threw to third to catch
Ruble but Keeran muffed the ball
and both runners were safe.
Wheeler immediately stole second
and scored with Ruble when
Morath dropped Briggs' fly. Riggs
single put Briggs on third. Clark
dumped the ball down the third
base line and Briggs scored and
Clark was safe at first when
Nichols fell on the ball. Riggs
took third on the play. Clark
stole second and third and scored
on Christopher's out. Hubert to
Mebus. That ended the scoring
for both teams.

DEMPEY PUTS RING TOGETH WAY FOR WEEK

TOLEDO O., June 2.—Boxing
as the in a real battle, Jack
Dempey, challenger for the
world's heavyweight champion-
ship, today went twelve three
minute rounds, the exact dis-
tance he will travel in his cham-
pionship contest with Jess Wil-
lard here July 4 and after the
strenuous workout, put his ring
togs away until next Saturday.
Jack Kearns, manager of the
challenger and Jimmy DeForest
the veteran trainer, decided to
lay Dempey off for a week for
fear of having him go stale. His
trainers assert he is ready to
step into the ring tomorrow and
that a week of loafing will make
him eager to resume his training
grind.

Dempey boxed five rounds
with Sergeant Bill Taft, four
with the Jamaica Kid, and three
with Terry Kellar, taking them
on in rotation. He upset Kellar
with vicious punches to the jaw
and set such a furious pace for
the Giant Tate that he rushed
across the ring to escape punish-
ment. Willard wanted to work
today but the ring at his training
quarters was not ready and the
hot sultry weather bothered
him somewhat. He felt the need of
rest after his long ride from
Los Angeles and decided to start
road work tomorrow and box in
the afternoon. The champion
admitted tonight that he put
"one over" in regard to his age
when he started boxing. The
record book shows his age as 33.
Tom Jones, his manager for six
years, recently declared Willard
was 40 years old. The title-
holder, however, confesses to 35
years.

—Other National Scores.

Chicago, June 2.—Chicago
won both games of a double
header from Pittsburgh today 7
to 0 and 2 to 1, being forced to go
twelve innings in the latter con-
test.

It was Alexander's first victory
of the season. The second game
was a pitching duel between
Cooper and Douglas, the latter's
wildness enabling the visitors to
tie the count in the eighth inning.
Singles by Pick and Paskert,
with Hollocher's sacrifice be-

A HAPPY MOTHER
Mrs. Jane Wright of the vicinity
of Winchester was in the city yester-
day feeling very happy. Her son
Leo had arrived in town the night
before and had surprised them
at daylight at the family home.
Leo is one of the brave boys,
not large but true blue. He was
overseas 18 months and saw a
deal of service. He went over
the top a number of times and
remarked that several times he
made a hole in the ground with
his nose. Once as he went down
he fell right between two dead
men. He went through a great
many conflicts and saw lots of ser-
vice and came home in good
shape.

PHILIP KENNEDY HEARD FROM
The family of Philip Kennedy at
Los Angeles, California, have
been gladdened by a letter from
him dated May 5th. He had been
reported dead and the family
had pretty much given him up
when they heard better news. He
was on a big delivery truck going
down a hill when the brakes gave
way and Philip suffered a frac-
tured skull which kept him in the
hospital a long time. When he
wrote he was yet under the care
of the doctor but hoped soon to
be able to start home.

Don't Prod Your Liver to Action

NR Overcomes Biliousness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and purifying the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but gentles and cleanses the bowels, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for constipation, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 50c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or pay Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

BOARD OF EDUCATION HELD REGULAR SESSION

Number of Matters Disposed of at Session Monday Evening—Board Asked to Assume Free Kindergarten Work—Minor Matters.

The board of education met last night in regular session and transacted the ordinary amount of business. Rev. Messrs. J. F. Langton and E. B. Landis, Messrs. Stebbins and Robertson, and Miss Phillips, trustees of the free kindergarten board, appeared before the board and asked the enterprise be adopted by the board. The board agreed to take a survey by the whole body of the various school buildings in the city.

Petition to abolish the first ward playground was referred to the park board. A new series of arithmetics was adopted.

The Proceedings.
The board met in regular session with all members present except Member Black, one of two entering a trifle late. President Lippincott in the chair.

Bills for repair fund \$340.53 and high school fund \$99.05 and pay roll, \$7,919.13 ordered paid.

Payment of \$245.56 by the Red Cross for material used and destroyed while the open air school building was used as an emergency hospital was reported and the purchase of the articles was ordered.

The secretary in submitting the treasurer's report said that the tuition money and taxes due would nearly wipe out the remainder of the debt the present board inherited.

Asks Kindergarten Adoption.
Rev. J. F. Langton, president of the free kindergarten board, appeared before the board and asked to be heard thru Mr. Landis regarding the taking on of the kindergarten by the board.

Mr. Langton spoke briefly and called on Mr. Landis who made an urgent plea.

The matter was referred to Members Duncan and Parker and Supt. Perrin.

Mr. Perrin said he thought the law would permit it but was not mandatory. Salaries and equipment the first year at least would be about \$1,500.

Quite a lengthy informal discussion followed regarding the employment of two janitors during the vacation. Much work is to be done to keep the buildings in repair and that brought up another question.

The state law requires certain conditions regarding light and ventilation in school buildings. The buildings are generally not fully up to date in this matter. Jefferson and Lafayette are the worst and a large amount of money would be needed to put them in strictly legal condition but the state authorities would not be exacting with the city under the circumstances. It might be well to fix up the two which need the least and then, as soon as the high school building is out of the way, consider the matter of new buildings in the other two wards for it seemed unwise to spend a large sum of money and have old structures in the end. Finally all members of the board agreed to go Thursday morning and examine all the buildings in the city and see what they needed.

David Prince Heating System

A lengthy communication from Mr. Royer's steam heating architect was read regarding the condition of the heating and ventilation system in the David Prince building. He found a number of things to criticize and some to commend.

Supt. Perrin said the David Prince building would need some attention as it was being used very severely and he explained a plan which had been recommended for putting the hall floors and stairways into shape.

It was suggested that the city should grant the board four per cent tax instead of three and operations would be easier.

A lot of plans for the various floors of the proposed new school building had been sent by Architect Royer and were carefully examined and the gentleman expected to be here with the specifications within a week or ten days.

Teachers' Resignations.

The teachers committee reported the resignations of Miss Anne Long and Miss Laura Young were accepted. The committee recommended the employment of Miss Lena Wilson as a teacher in the grade schools and the transfer of Miss Elizabeth Hackman from the Lafayette school to the junior high school. The employment of Elbert Blair as teacher of manual training in the junior high school was also recommended.

A petition, numerous signed by residents of the first ward to have the playground removed from the independence school grounds was referred to the park board.

The chairman of the park board said that the petition arose from a misunderstanding. The playground would not be used during school time and during vacation only by the little ones in the daytime so that the school grounds would be no more an annoyance to the vicinity than at present.

Supt. Perrin said he received an official list of the textbooks approved by the state law and the schools of the city are within the limits of the selection.

Last year the board permitted the use of Vosburgh's junior high school mathematics, first book, and the result was to satisfy the board. The second book was recommended and this was done. The books are not expensive and it was decided to help any who may need it in the purchase of books.

Supt. Perrin said he desired to attend the Chicago university a month beginning June 16th to secure better information regarding federal, industrial and agricultural work. He would come back any time he was needed.

The use of the David Prince building for the county institute June 16-20 was granted.

The building and committee was instructed to collect all deeds and abstracts to school property.

KNIGHTS OF COLUMBUS INITIATED LARGE CLASS

Over One Hundred Given Degrees Sunday—Banquet and Speeches Followed Work.

Sunday was a notable day in the history of Jacksonville Council No. 868, Knights of Columbus. According to announcement the hosts gathered at the hall at 10:15 when they all marched to the church and attended mass and heard an eloquent sermon from Father Edward Cahill who spoke most earnestly on the grand purposes of the order and especially urging and praising the benevolent features of an organization which cares for the afflicted member and his dependent family. True christianity means the help of the weaker ones and that is a leading feature of the knights.

In the afternoon at 1:15 o'clock all repaired to Woodman hall on the south side of the square where the regular initiation exercises took place with 105 candidates, 95 local and eleven from Beards town. The work of the first two degrees was done by local talent and then State Deputy A. F. Donoghue and his Chicago staff, exemplified the major degree in a highly satisfactory manner.

The work took a long time and it was about nine when the new and other members left the Woodman hall and repaired to their own spacious quarters on East State street where they sat down, some 400 strong at a banquet furnished by the ladies aid of the Church of Our Savior. The menu was superb and admirably served eliciting many high compliments from these present. The following was the menu.

Roast Beef Mashed Potatoes
Pressed Veal—Gravy
Spring Onions Radishes Pickles
Pineapple Salad.
Coffee Rolls
Cake Ice Cream Cigars

Then came the feast of reason and flow of soul which was equal in quality to the part supplied for the entertainment of the initiates. In addition to those named on the regular program Rev. Fr. Smith of Franklin, Rev. Fr. Bell of Winchester and Sergt. Devereaux of Chicago and recently from overseas also spoke in addition to A. L. Donoghue the state deputy and Eugene Smith of Chicago. The principal orator was James Graham of Springfield and he took for his theme The Democracy of the Church of Rome, the Nursing Mother of Democracy. It was a superb address and heard with interest. All the numbers were fine and the occasion was one long to be remembered.

The following was the formal program:
Invocation—Rev. F. F. Fornaz.

I. W. C. ALUMNAE ASSOCIATION MEETS

Annual Business Session Held Monday Afternoon—New Register Ready for Distribution—Officers Re-Elected.

The Illinois Woman's College Alumnae association held the annual business meeting at the college Monday afternoon at 3 o'clock. Rain interfered to some extent with the attendance but the session was an interesting one nevertheless. Various reports were presented and the following trustees were elected: Mrs. Mary Callahan Mercer, 79, Robinson, Ill.; Mrs. Emily Jane Allen Fay, 73, this city.

It was announced that the new alumnae register is now ready for distribution. The register is published every five years and should have been issued last year, but the illness of Mrs. Belle Short Lambert, the general secretary, made it advisable to postpone the work until this year. The work of compilation has been in the hands of Mrs. Myrtle Curtis Mutch, a former student in the music department. The graduates have been classified alphabetically, by class and geographically and with each name is given some little personal history, where it was possible to obtain such.

The alumnae association officers of this year were all named to succeed themselves and are given below:

President—Miss Janette C. Powell.

Vice presidents—Mrs. Millicent Blackburn Martin.

Secretary—Mrs. Jeanette Taylor Hemphill.

Treasurer—Mrs. Helen Birch Filson.

Corresponding secretary—Miss Della Dimmitt.

Directors—Mrs. Effie Black Baxter, Miss Agnes Paxton, Mrs. Nellie Raugh Larson, Mrs. Emily Allen Fay.

LIEUT. H. DICKSON CITED FOR BRAVERY

Mrs. Annie C. Dickson Advised of Government's Action Monday—Banner Honoring Men of 131st Infantry Carried in Chicago Parade.

Mrs. Annie C. Dickson of Springfield has received from the war department a telegram with the information that the government has cited Lieut. Harrison Dickson for bravery in action and devotion to duty. It will be remembered that Lieut. Dickson, who was killed last August while examining a chart, was a member of the 131st infantry and the citation came thru Capt. G. R. Miller of that company.

When Company F 131st infantry joined the parade in Chicago yesterday a sergeant carried a large banner honoring the memory of the thirty two men of the company who died in action. The banner was presented to the company by Mrs. Dickson, mother of Lieut. Harrison Dickson, whose name is the first on the list of the dead. The banner bears the war record of the 131st and will be preserved by a permanent organization which is to be perfected.

COUNCIL WILL MOVE PUMP TO SOUTH STATION

At Regular Meeting Held Monday Evening Decision Was Made to Move Two Million Gallon Pump on Recommendation of Ald. Chapin—Work Will Begin Today.

That the new city council intends to act instead of talk was shown at the regular meeting Monday evening when Ald. Chapin recommended the removal of the two million gallon centrifugal pump from the north end to the south end pumping station.

Ald. Chapin estimated that the saving to the city by this move would be \$1,000 per month and the cost of moving would be approximately \$3,500. This statement was substantiated by Water Superintendent Cobb and Superintendent of the light plant Stoldt. Mr. Cobb was of the opinion that the saving would exceed \$1,000 per month.

After the approval of the minutes claims against the city were read. It was the first time that the council had come in contact with the approval of claims but they went thru the work in good shape. After the claims were read a motion was made by Ald. Cain, seconded by Ald. Moore that all properly approved claims be paid when funds are available.

Officers Reports Received.

The reports of H. C. Clement city treasurer, R. L. Pyatt city clerk for the clerk's office, Jacksonville and Diamond Grove cemeteries, H. M. Summers sexton of Diamond Grove cemetery, J. E. Pires sexton of Jacksonville cemetery; W. H. Cobb water superintendent, Joshua Vasconcellos also made a report for the water department for the months of January, February, March and April. The reports were received and placed on file.

Ald. Flynn started quite a discussion by a statement of the bad condition of the sewers. Nearly all of the aldermen and the mayor took part in the discussion and Simeon Fernandes and Ira Patterson also spoke. Mr. Fernandes offered to furnish three teams each month for two or three days to assist in taking care of the streets. This matter was finally referred to Ald. Williamson chairman of the highway committee, Ald. Flynn chairman of the sewer committee and Ald. Ennie chairman of the health committee to get teams to grade streets and to report the same to Superintendent of Streets White.

Superintendent of streets White showed some tree roots that had been taken from the South Diamond street sewer. The matter was referred to the sewer committee.

Engineer Henderson reported that work would begin within a few days on the North Church street pavement. In this connection Mayor Crabtree recommended that a property owner be appointed to inspect the work. He was instructed to get the property owners of the street to recommend someone who would be approved by the board of local improvements.

Pump to Be Removed.

Ald. Chapin recommended that the two million centrifugal pump be removed from the north end pumping station to the south end station. Ald. Chapin said that a saving of at least a thousand dollars a month could be effected by this change. Water Superintendent Cobb was called upon and said he believed the saving would be even more. George Stoldt, superintendent of the light plant substantiated the statements of Mr. Cobb and Ald. Chapin. The matter was referred to the water committee and the citizen's committee with power to act.

Immediately after the close of the council meeting Ald. Chapin got busy and called his committee together and decided to send a telegram for wire and begin the work at once.

R. L. Dye was present and asked the council not to compel property owners to build a sidewalk in West Walnut street. Mr. Dye asked that the council inspect this street and the matter was referred to Ald. Williamson chairman of the highway committee.

Otto Splith, Ira Patterson, Thomas DeFrates addressed the council briefly.

There being no further business the council on motion adjourned.

ANOTHER SOLDIER BACK

James O'Brien of Murrayville arrived home from overseas yesterday. He was with the 302nd division at first but was transferred to the 354th infantry. He went over in September and did his duty along with the others. He was in the 89th division and was in the Argonne forest and army of occupation. He says the Germans were very polite after they had been conquered acting very differently from the manner in which they treated allied prisoners during the conflict.
